

Mid-Georgia Soaring Association

Safety Policy

MGSA is committed to safe operations as its first priority. The organization will commit the necessary resources and oversight to ensure that all equipment and facilities are maintained to support safety standards. MGSA promotes a safety culture that encourages all members to report safety issues or concerns without fear of recrimination or punitive action. Members will inspect equipment for defects, remain alert and aware during air and ground operations, and maintain weather and situational awareness in order to maintain the highest level of safety.
